## TYPE APPROVAL CERTIFICATE

No. **MAC009719CS/002**

**Enclosure - Page 1 of 1**

**DMX STAVE BEARING**

### ***Description of the products***

Water lubricated stern tube bearing. Dove Tail or Radius Back with rubber locking stave configuration.

Shaft diameters from 75 mm to 1000 mm

### ***Reference documents***

RINA Approval letter No. PPVT/2019/00035/NICBV dated January, 15 2019.

Duramax Marine SPA on Gunmetal Shaft - 2000 Hr trial / Report JK106-R3427 from BMT Defense Services LTD

### ***Fields of application***

Surface bearing pressure not greater than 0.6 N/mm<sup>2</sup>.

### ***Acceptance conditions***

- For each application the relevant constructional drawings are to be sent to RINA Head Office for approval.
- The installation on board is to be made in accordance with the manufacturer's instructions in compliance with all applicable RINA Rules.
- This type approval is valid on the assumption that the Manufacturer of the aforementioned bearings assures, under his own responsibility, that the product characteristics are in accordance with the ones specified on the documentation submitted.
- The acceptance of the a.m. products on board ships and other units classed with RINA is subject to the satisfactory outcome of testing as per RINA rules.
- The approval may be withdrawn by RINA in the case of changes in the design not brought to the knowledge of RINA or in the case of changes in the RINA rules.
- This certificate is issued for uses allowed by the laws and acts of Government in force

This Certificate annuls and replaces the TAC MAC009719CS/001
